

Hi Terry,

I just wanted to say thanks for the great meal last night and pass on some great things I heard about the meal. Not only did several people comment on how good the food was, but one Board Member told me: "you never expect to have food that good when you attend these type of functions." Our incoming Board President was also quite pleased to hear that we had an "exclusive" catering arrangement with Classic Café.

Thanks for a job well done,

Todd
